

13 October 1953

MEMORANDUM FOR: Colonel White

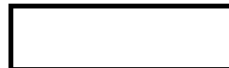

1. Attached is a Personnel Office staff study on time-in-grade promotion requirements, addressed to you under date of 9 October 1953. Exactly the same study is enclosed in the Agenda for the next Career Service Board meeting (15 October), except that the Agenda copy is dated 7 October.

2. This appears to be a good study and shows that in practice all components of CIA favor time-in-grade promotion requirements. The time-in-grade standards proposed are outlined in the proposed Agency regulation which is appended to the study. I think that there will be little opposition to adoption of the schedule proposed by Personnel. In a general way, these standards are close to those proposed by Kirkpatrick in his Career Service Letter No. 1, (attached).

3. A minor error in the Personnel study is reference to a DD/I Career Service Board on the first page of TAB A. Such a Board is non-existent.

4. Since the Agency Career Service Board will take up this paper at its next meeting, this week, no action by you at this time is recommended.
